### PROVISIONAL Programme “Exploring Nature around Bologna”

**Sunday**      **March 18:**    Arrival in Bologna and meeting the host families.

**Monday**      **March 19:**    Meeting at Liceo Galvani.  
Visit of the school  
After lunch guided tour of Bologna.

**Tuesday**      **March 20:**    A visit to the Bologna Chalk Cliffs Nature Park and the Abbedess Cliffs, one of the most important and breathtaking sites for chalk formations and relative “carsic” phenomena in Europe. A visit to the caves of Farneto with a fully qualified guide. During the visit the study methods of the underground sites will be explained.

**Wednesday**   **March 21:**    a workshop with map reading and orientation activities through the comparison of maps and photographs of the Contrafforte Pliocenico Nature Park.

**Thursday**      **March 22:**    Nature and Landscape painting at Bologna Pinacothèque

**Friday**          **March 23: hands on experience** of the study of the quality of the water of the Reno river through the investigations into the presence of aquatic macroinvertebrates.  
In the afternoon: Shopping in town .

**Saturday**      **March 24**    Departure.

A more detailed, definite programme will be sent by early December
